Fire Chief's Report Fire Chief Joe Spagnuolo reported the following:

a.) Chief reported that hose testing was done on July 12<sup>th</sup> by

FireCat. FireCat documents state they follow NFPA

- guidelines. After testing it was discovered that a section of hose that had burst on a fire scene prior to testing was falsely reported as being tested. Additional inspection of the report revealed FireCat had tested and passed hose should not have been tested due to the age of the hose. Chief asked for direction from the board members what they would prefer be done with the hose that had passed inspection but is out of guidelines. Board recommendation was to remove the hose from the trucks, but keep it for use if needed before replacement hose arrives.
- b.) Chief presented an updated Administrative Policy. Changes were made to hiring process, and to the job description for the emergency services coordinator and photographer. A motion to accept the new administrative policy was made by Secretary/Treasurer Potts, seconded by Member Cressman to approve the changes, and accept the new administrative policy. MOTION CARRIED.
- c.) Chief presented the Updated Professional Services Agreement. Secretary/Treasurer Potts requested time get the township board's approval. Request was granted, and this will be placed on the November 2022 agenda for approval
- d.) Quotes for Equipment and new hose including 4 SCBA airpacks, a new combination cutter and spreader, extrication ram, and a Lucas device totaled for the new truck totaled \$88,000. The truck is expected to be done November 4<sup>th</sup>, and should arrive the following week. The command vehicle repairs came in under budget at \$2800. This is due to department members completing some of the work including removing the cage from the vehicle.
- e.) Chief recommended re-arranging the current truck assigned station placements, and recommended placing Engine 42 and the brush truck in station 2 for sale by a sealed bid auction. He presented a bid form, bill of sale form, and a bid language form. A motion was made to approve Chief to use the forms and modify the forms as needed to include mileage and hours by Secretary/Treasurer Potts and seconded by member Boron. Forms will be presented at the next meeting. Advertising was discussed and decided that advertisement on social media and on the Fire Department website was appropriate. Vehicles will be listed for sale, and bidding shall end November 16, 2022. Modified forms and bids will be submitted at the next meeting. Motion to sell the 1988 Spartan Pumper aka Engine 42 and the 1996 Dodge Pickup currently in use as a brush truck for sale was made by Secretary/Treasurer Potts, seconded by Vice Chair Boron. MOTION CARRIED.
